DIGITAL PAYMENT FOR ALL FINANCIAL TRANSACTIONS AS PER MHRD DIRECTIVES

Arignar Anna College (Arts & Science) offers a digital payment facility within its ERP portal. Digital payment integration within the ERP portal consolidates financial transactions into a single, centralized platform. Students can access the ERP portal for a range of activities, including tuition fees, examination fees, transport fee payments, and more.

The main page of the finance module in the ERP software offers the following facilities:

ARIGNAR ANNA COLLEGE			
Student

Students can easily view and pay their bills online, eliminating the need for physical checks or in-person transactions. When students log in, they can check their dues as shown below.

The screenshot displays the student's profile and payment status. The header includes the college name and address. Below is a student profile card with a photo and a table of details. A 'Pay Online' section shows a dropdown for 'Semester/Year' set to 'Semester (10)' and a 'Pay Amount' field with '0'. A green message states 'No Dues Remaining'. The 'atom' logo is visible at the bottom of the payment section.

REG NO	STUDENT NAME	DEGREE	SEMESTER/YEAR	BATCH YEAR
C21PG151MAT002	HARISH S	M.SC - MATHEMATICS	5 / 3 yr	2021

The ERP portal provides students with real-time tracking of their financial transactions. They can monitor payment statuses, view receipts, and keep tabs on their account balances directly within the portal. This transparency enhances financial awareness and empowers students to manage their finances effectively.

Digital payment systems seamlessly integrate with student records within the ERP. This integration ensures that financial transactions are accurately recorded and associated with the respective student accounts.

ERP portals facilitate effective communication between the institution and students regarding financial matters. Automated notifications for upcoming payment deadlines, outstanding balances, or important financial updates keep students informed and engaged in their financial responsibilities.

The integration of digital payment solutions into ERP portals represents a significant step forward in enhancing the financial experience for students in educational institutions. By providing a unified platform for all financial transactions, institutions streamline processes, increase transparency, and empower students to take control of their financial responsibilities.
